

## **Univie Summerschool Interdisciplinary Gender Studies: Ambivalent In\_visibilities**

### **Call for participants (*updated*)**

*We adapt our programme to distance learning!*

*Webinar-week: September 21-25, 2020*

The Interdisciplinary Gender Studies Summer School 2020 offers in-depth exchange on current research issues with an intersectional feminist focus.

The cross-disciplinary range spans across four major topics: in\_visibilities in historical public and private spaces, qualitative-empirical research, anti-discrimination law and narratives in comics. Next to these debates, participants train presentations and communication skills.

Highly experienced researchers and trainers lead online-classes and workshops. We offer a supportive learning environment and resources to build a community of practice of students and teachers – *even from a physical distance*.
